

Plush Pull-Along Airplane

We took our popular Plush Airplane and added a pull string mechanism to make it move across the floor! Pull back the string and watch it go! Includes passenger windows, cockpit and even cabin doors that are all perfectly embroidered into place. Also features miniature engines and landing gears, all made of soft fabric, which is 100% new materials in a Polyester fabric.

Size: 30cm x 27cm x 24cm
